# The Mips Wordle User Guide

1. Run MarsPlus.jar

2. Open Dictionary.asm, Display.asm, LogicSubroutines.asm, and Main.asm into Mars

3. Assemble all of the files NOTE: ignore the assembler errors

4. Click Tools at the top, then Bitmap Display

      Set the following settings

Make sure to expand the window vertically like so
      IMPORTANT: click "Connect to MIPS" on the bottom left

5. Run Main.asm, then type in a valid five letter word (lowercase)
      Look at your hints, and try to guess the word within 6 tries
